

# Community College in France 2019 Bootcamps

## Sport and sustainable development

14-day professionalizing study abroad program in English with a mix of on-site visits and conferences as well as cultural discoveries. N+i, a network of the top 50 French engineering schools, is dedicating one of its successful *rendez-vous* summer programs to Community College Students from the Los Angeles Community College District.

June 10<sup>th</sup> to 23<sup>rd</sup> 2019

## Sustainable development: public transportation and waste management

How to maintain an environmental friendly quality lifestyle in a growing metropolis such as Lyon, the second biggest city in France? With this 14-day professionalizing study abroad program in English students will attend conferences and present projects dealing with this topic. Cultural visits in Lyon and its surroundings will be organized.
